

SOFiE Business Seculine - Installation offer

U IT is a Luxembourgish RegTech company specialized in Legal Reporting and also Seculine. Since 2010, we supported more than 370 customers including 45 banks. Helped by this strong expertise, we provide with a quality and guaranteed service.

This present offer covers all the needs for a new Seculine participant : fast & customized installation, handling of the Luxtrust file, training, follow up after installation and warranty.

The tariff of this offer was specifically reduced to answer to the CCSS wish to minimize any cost linked to the Seculine solution.

Context & requirements

Seculine is the electronic solution implemented by the CCSS to securely exchange information with its affiliates. It's used by any fiduciary but also any kind of entity, from the small PME to the large corporation.

The most common needs are :

- A good understanding of the (new) task to be achieved and the wish to master it rapidly
- An help to send the first reports and a warranty to be helped during the months that follow
- An installation which is adapted to the IT infrastructure and the numbers of users
- A fast delivery/installation of the solution
- **For small entities : fair setup costs**
- For fiduciaries or large companies : a secured installation to protect the confidential Seculine data

Guarantees

U IT provides the following guarantees :

- **Swiftness : solution can be up & running in less than one week**
- **Training : we send your first reports** as a practical exercise **during the training session**
- **Follow up : we rapidly answer any of your requests during the month that follow the installation**
- **Insurance** : a dedicated backup of your profile to allow fast recovery in case of problem in the future
- **Security** : we explain in detail what and how to **protect the Seculine data**

Tasks performed

- All the technical steps to configure your SOFiE profile
- Act as SPOC for all the paperwork with Luxtrust, the House of Entrepreneurship and Six Payments
- **Liaise with your IT and install the application as per to your environment and security standards**
- Grant a training on SOFiE
- Provide with a USB key containing a backup of your environment (restore warranty)

Future & maintenances

- Call us when you need to configure a new PC, or have a new colleague in charge of Seculine
- An issue with SOFiE ? We rapidly **remote connect** on your station and find the solution.
